870

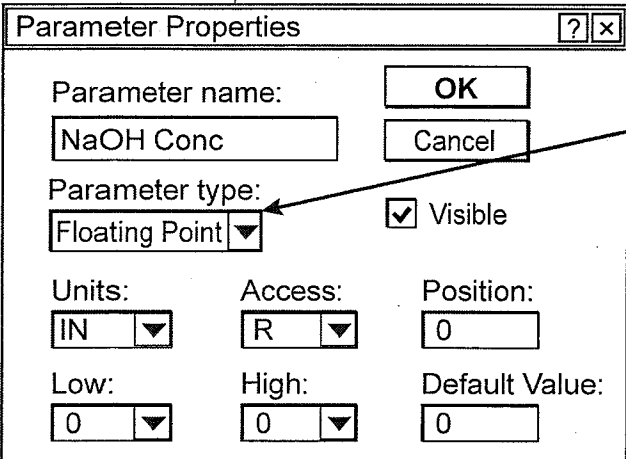

A dialog box titled "Stream Properties" with a standard Windows window border (title bar, minimize, maximize, close buttons). It contains the following fields and controls:

- Name:** A text input field containing "Green Liquor".
- OK** and **Cancel** buttons.
- Connection:** A dropdown menu showing "In".
- Type:** A dropdown menu showing "Liquid".
- Position:** A text input field containing "0".
- Composition:** A dropdown menu showing "Liquor".

FIG. 29

890

A dialog box titled "Parameter Properties" with a standard Windows window border. It contains the following fields and controls:

- Parameter name:** A text input field containing "NaOH Conc".
- OK** and **Cancel** buttons.
- Parameter type:** A dropdown menu showing "Floating Point".
- Visible:** A checked checkbox.
- Units:** A dropdown menu showing "IN".
- Access:** A dropdown menu showing "R".
- Position:** A text input field containing "0".
- Low:** A dropdown menu showing "0".
- High:** A dropdown menu showing "0".
- Default Value:** A text input field containing "0".

A list of parameter types is shown in a separate box, with an arrow pointing to the "Floating Point" option in the "Parameter type" dropdown:

- Floating point
- Boolean
- Discrete
- Function Block Reference
- String
- Named Set
